*July 2014

Above is a sliding scale with a \$1,000 floor and no “cap.”

Each Chapter’s CC fee is calculated built on a Base Fee plus a CC Fee rate linked to the amount of their 990 Expenses.

To project your fees:

1. Find the Range (Column 1) that your 990 expenses are in (Columns 2-3)
2. Note the Base Rate (Column 4), for your range
3. Add to your base fee the amount of your 990 expenses in excess of the 990 Reduction Number (Column 5) multiplied by the rate in Column 6.

If you have any questions about the scale contact Jeff Ringenberg at jringenberg@yfc.net
